Career Objective

Motivated Full Stack Developer with a passion for coding and design, seeking to leverage my expertise in creating innovative web applications. Eager to contribute to a collaborative team where I can apply my skills in both front-end and back-end development, while continuously learning and growing in a dynamic environment.

Project

• Question-Answer Panel (Node Js)

The Question-Answer Panel is a collaborative project developed using Node.js with EJS(Embedded JavaScript) as the Templating engine. This web-based platform enables users to post question, provide answer, and engage in discussions. The Project was built in a group setting, showcasing a seamless user experience.

Additional Information

Certificates

- **Student Fees Panel (Node Js)**

A Student Fees Panel built using Node.js and EJS (Embedded JavaScript Templates) is an application that allows educational institutions to manage and display student fee information in a structured way. It provides an interface where students can view, update, and pay their fees online.
